

Laide and Aultbea Community Woodland

Community Woodland Building Questionnaire

Laide and Aultbea Community Woodland (LACW) have for some time envisaged the concept that a building in the woodland would prove an invaluable asset for the local community and would now like to seek local opinion before proceeding.

It is proposed to erect a single story building offering the widest possible facilities for recreational, training, educational, social and fundraising uses.

The building will be of timber construction designed to fit into the woodland environment and will incorporate the latest renewable and energy saving systems.

The success of Laide Wood up to now is beyond doubt - it is being restored/developed (this is ongoing) and that work in itself has improved, protected and managed native species and their habitats. By its further improvement / development of the facilities within Laide Wood and with the help of this building, we hope to encourage more communities, schools, individuals and specific groups to get involved in looking after, learning and enjoying the natural heritage.

We would be grateful if you could complete the attached questionnaire and return to Aultbea Butchers or post to A Jackman, Rowan Lodge, Aultbea, Ross-shire, IV22 2HU. Alternatively complete the online questionnaire at <http://www.surveymonkey.com/s/HX3HRV9> further information and a link to the survey site can be found at www.laidewood.co.uk

Closing date for the return of the completed questionnaire is 30th September 2011

Laide and Aultbea Community Woodland Questionnaire

1. How often do you visit Laide & Aultbea Community Woodland? (Please ✓)

<input type="checkbox"/> Never	<input type="checkbox"/> Occassionally
